

Sanctity of Life Ministries

Ultrasound Medical Services Project Prayer Requests

Why are we offering ultrasound services?

- Women considering abortion who are counseled and see an ultrasound are twice as likely to carry their baby to term than after receiving counseling alone.
- Centers that add ultrasound machines have seen their total clients more than double over a 3 year period.
- More clients mean more opportunities to share the Gospel.

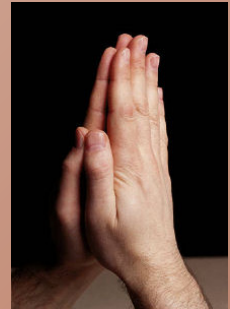

Our desire is to glorify God as we pursue providing excellent professional ultrasound services to our clients. We thank God for the many blessings He has sent to encourage us this is His plan! Our desire is that He continue to order our steps. We expect this process to take 12-18 months.

Pray for:

- Wisdom for our Boardmembers, staff and consultants
- A smooth medical conversion process
- God's clear call on each new medical staff and volunteer
- SLM's finances. In addition to our annual budget needs of \$640,000, pray for the additional \$300,000 (\$150,000 are fixed costs) needed for SLM to become a professional medical clinic.

Pray for Staffing and Medical Office Needs:

- Medical Steering Committee
- Medical Advisory Board
- LCRC office Manager
- Medical Director
- Medical malpractice insurance
- Nurse Manager
- Volunteer Nursing Staff
- Sonography Training for Nursing Staff
- Build out materials and installation for examining room at LCRC
- Ultrasound Machine
